**Re: WC Docket No. 14-58
2017 ETC Annual Report of Consolidated Communications Networks, Inc.
Study Area Code 386325**

Dear Ms. Dortch:

On behalf of Consolidated Communications Networks, Inc., JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Also attached is a letter requesting confidential treatment of data pertaining to the broadband deployment locations provided at FCC Form 481 Line 4004A attachment. The redacted version is also being filed this date via the FCC's Electronic Comment Filing System.

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President
301-459-7590

**Re: WC Docket No. 14-58
2017 ETC Annual Report of Consolidated Communications Networks, Inc.
Study Area Code 386325
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. (“JSI”), on behalf of its client Consolidated Communications Networks, Inc. (the “Company”) hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission’s rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company’s annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission’s rules (“Report”).³
2. The Rural Broadband Experiments Order requires that recipients file the FCC Form 481 ETC Annual Report to include broadband deployment locations which are contained in the attachment to the Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the broadband deployment locations provided at FCC Form 481 Line 4004A attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ *Connect America et al.*, WC Docket Nos. 10-90 and 14-58, Report and Order and Further Notice of Proposed Rulemaking, 29 FCC Rcd 8769, 8778–79, 8787–88, paras. 78-80 (2014) (*Rural Broadband Experiments Order*).

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a competitive nature regarding the provision of telecommunications services. The Line 4004A attachment contains competitively sensitive information related to the Company's network deployment.
5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 4004A attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Interim Report to ensure that customers in the areas where it has received rural broadband experiment support will receive state-of-the-art high quality telecommunications and broadband services. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.
7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Request for Confidentiality

Page 3

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's broadband deployment locations provided at FCC Form 481 Line 4004A attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

A handwritten signature in black ink, appearing to read "John Kuykendall". The signature is fluid and cursive, with the first name "John" being more prominent than the last name "Kuykendall".

John Kuykendall
JSI Vice President

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?	Yes
--	-----

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.	No - No New Anchors
---	---------------------

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information	
---	--	--

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.	Name of Attached Document Listing Required Information	RBE_Line_4004A_Deployed_Locations 2016.xlsm
4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area. Consolidated Communications Network Inc.'s Demonstration of Compliance with Applicable Service Quality Standards and Consumer Protection Rules:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement” and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Consolidated Communications Network Inc. (“Company”) hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under federal law and, to a limited extent under North Dakota state law as a telecommunications carrier subject to North Dakota Public Service Commission regulation. These obligations include, but are not limited to, the following: (1) adherence to state requirements that the Company complies with consumer protection and service quality standards pursuant to North Dakota Administrative Code Article 69, including customer requests for lowest price

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

service alternatives (69-09-05-01), discontinuance of telecommunications services (69-09-05-02), deposits and guarantees (69-09-05-03); (2) truth-in-billing requirements, and (3) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore complies with all applicable requirements set forth in the *2015 Open Internet Order*.

Consolidated Communications Network, Inc.'s Demonstration of Ability to Function in Emergency Situations

Consolidated Communications Network, Inc. hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2)¹ and North Dakota Administrative Code 69-09-05-12. The Company's voice and broadband network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available, or until system changes are made to reroute traffic. The Company's central office can maintain 8 hours, plus or minus 15 percent, of battery reserve rated for peak traffic load requirements, and a permanent auxiliary power unit is installed. The Company has battery backup at all office locations and in its electronic equipment sites capable of running for a minimum of 8 hours, plus or minus 15 percent. Length of run time is determined by the equipment serving the area and the number of customers working out of the equipment. Generators are installed at all Central Office

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

locations. They will continue to run as long as the Company has access to fuel. The Company tests the batteries at least once per year. The Company complies with the FCC's backup power requirements, effective October 16, 2015.

■ **Enhanced Voice Mail & Premier Voice Mail**

Answers your phone calls while you're on the phone, away from home, or on the Internet. Can retrieve messages from anywhere. Allows messages to be forwarded to your office email, cell phone, or pager.

■ **Caller ID**

Allows you to see the callers name and phone number before answering.

■ **Call Waiting**

Alerts you with a beep if someone else is trying to call you while you are already on the phone.

■ **3-Way Calling**

Turns a two way conversation into a three way conference call.

■ **Call Forwarding**

Allows you to forward incoming calls to another number.

■ **30 Number Speed Dial**

30 frequently dialed numbers stored for ease of use.

■ **Preferred Call Forward**

Select phone numbers to be forwarded, others will ring normally.

■ **Call Screening**

Select phone numbers to be sent a message when calling that you are not receiving calls at this time.

■ **Priority Ringing**

Special ring alerting you of who is calling.

■ **Special Call Acceptance** (*up to 30 numbers*)

Select phone numbers which you are willing to accept calls from. Callers not on your list will be routed to an announcement informing them their calls are not being accepted.

■ **Unidentified Call Rejection**

Rejects private numbers.

continued

■ Private Number

Blocks your name and number when making a call.

■ Repeat Dialing

Continuously attempts to dial a busy number. 50¢ per use if not in package.

■ Call Return

Returns call to the last number that called you and allows you to return a call to that party. 50¢ per use if not in package.

■ Public Number Suppression

Codes your number as public with the option of making your number private on a per call basis.

■ Toll Restriction with Pin

Allows subscriber who has a toll restriction on their line to override this restriction by dialing an access code and pin number before dialing.

■ Home Intercom

Allows subscriber to call from one location in the home to another by dialing the home phone number and hanging up receiver.

**Not available in all areas*

■ Personal Ringing \$4.50/mo.

Allows your phone line to have up to three phone numbers, each with its own special ring.

■ Telemarketer Call Screening \$3.00/mo.

Interrupts “unknown” or “out-of-area” calls and announces you don’t accept calls from telemarketers.

■ Privacy Defender \$3.00/mo.

Privacy Defender allows you to control incoming calls, giving you the ability to screen and reject unwanted calls. *Callers will hear an announcement when feature is active to Press 8 if you are not a telemarketer.*

■ Find Me \$3.00/mo.

A call to your home can also ring your cell phone, office or any other number you choose and have the call ring all of them at the same time or in sequence.
